Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. This book appears to be an excellent way for Nigerian and other students to maximize their study and achieve success. It is both informative and helpful. More helpful advice is given about improving an individual's ability to learn, such as answering questions, memorizing along with essentials like exercise, food and water. I am sure many students would welcome such good advice about studying. Carol Jefferies Author, Chase of a Ewe-lamb An interesting study book. I found it well written and instructive. You've done a nice job. It's obvious that you've researched this and have done a great job at relating what you've learned. This would be a good book for every student. Shiloh Author, Courage Through Faith I found your book a blessing. I had a friend who had to take the nurses exam three times, not because she didn't know the material, but because she got so scared at test taking time. Your book would've been a blessing to her and many others like her. There is a large market for this book. I'll hope it finds its way into people's hands soon! God bless!!! Elizabeth Kathleen Author, If Children are Cheaper by the Dozen, Can I Get a Discount on Six? The Sticks and Stones of Hannah Jones.
