Meanwhile, pregnant women, given the environment in the womb, the fetus, but also have an important impact in the growth process. The researchers pointed out that the fetal environment within 0-3 years of parenting and discipline will be around the child's life. How to raise and educate children 0-3 years old, is a rather difficult questions. If you do not know how the child is growing up, not a scientific point of view to understand the mood of the baby, it is difficult to cultivate funded endowed excellent and comprehensive development of the good boy. East China Normal University. Zhou Nianli teacher for a young father, mother wrote this...
