Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Wilhelm Reich and the Function of the Orgasm (Great Minds Series, Vol. 11) is a study about one of the greatest authorities on the discovery of the bioenergy for modern science and medical science. The author understands his engagement for Reich as a contribution to the rehabilitation of one of the greatest, but also one of the most misunderstood scientists of the 20th century. Reich's Greatest Discoveries is a science essay about Wilhelm Reich's unique orgone research, a new branch of science that at present gains importance because it has shown us ways out of the ecological impasse. Wilhelm Reich, as early as in 1945, achieved complete healing of a female schizophrenic patient using bioenergetic or, as Reich termed it, orgonotic treatment. Many know about the ground-breaking work of Ronald David Laing regarding the alternative treatment of schizophrenia. However, small is the number of individuals who have noticed that Wilhelm Reich's research and mental health treatment approach by far preceded those much more well-known and acclaimed methods. In fact, Reich achieved remarkable results with simply redirecting the patient's orgonotic energy flow which has revolutionized the treatment of schizophrenia. The book comes with a bonus essay about Reich in German language as well as a review of Michel Odent's book The Functions of the Orgasms (2009).
