Excerpt from Illustrated Manual for Inventors on American and Foreign Patents, Etc Mr. Rudolph M. Hunter, is a Consulting Engineer by profession - a calling pre-eminently necessary to the carrying on of a successful Patent business. There are many so-called practical engineers who claim a great knowledge of the arts and sciences, and many of the above have entered the Patent Soliciting business. What are these practical engineers? The question is easily answered: they usually emerge as full-fledged practical engineers from the apprentice's bench in some machine shop, and after learning the use of a vise, file, cold-chisel and hammer, they consider that they have sufficient knowledge to place themselves side by side with the engineer who has devoted the best part of his life to the close study and application of his profession, and who, after long years of study is honored with a diploma, certifying that he has made himself proficient in the arts and sciences. Such practical engineers then, as a general rule, are not to be depended on with important work, inasmuch...
