LINKED DATA (PAPERBACK)

Manning Publications, United States, 2014. Paperback. Book Condition: New. 234 x 185 mm. Language: English . Brand New Book. DESCRIPTION Linked Data is a standards-driven model for representing structured data on the Web that gives developers, publishers, and information architects a consistent, predictable way to publish, merge and consume data. It's been adopted by many well-known institutions, including Google, Facebook, IBM, Oracle, and government agencies, as well as projects such as Drupal and WordPress. Linked Data presents the Linked Data...

Reviews

It is one of my personal favorite publications. It is actually really fascinating through reading through period of time. It's been printed in an extremely basic way in fact it is just after I finished reading through this ebook by which basically transformed me, change the way in my opinion.

-- **David Weber**

Thorough guide for pdf fanatics. We have read through and I also am confident that I will gonna read once more once more later on. You won't sense monotony at whenever you want of your own time (that's what catalogues are for concerning in the event you request me).
