Aided by artists, writers, cartographers, and twenty-two gorgeous color maps, each of which illuminates the city and its surroundings as experienced by different inhabitants, Solnit takes us on a tour that will forever change the way we think about place. She explores the area thematicallyconnecting, for example, Eadweard Muybridges foundation of motion-picture technology with Alfred Hitchcocks filming of Vertigo. Across an urban grid of just seven by seven miles, she finds seemingly unlimited landmarks and treasuresbutterfly habitats, queer sites, murders, World War II shipyards, blues clubs, Zen Buddhist centers. She roams the political terrain, both progressive and conservative, and details the cultural geographies of the Mission District, the culture wars of the Fillmore, the South of Market world being devoured by redevelopment, and much, much, much more.
