

Wind Power Plants And Project Development, Second Edition

By Earnest, Joshua ,Wizelius, Tore

PHI Learning, New Delhi. Hardcover. Book Condition: New. 532pp. This book, now in its Second Edition, continues to give a wider and deeper knowledge about various aspects of wind power for electricity generation than the earlier edition. Based on the feedback from different quarters, most of the chapters of this second edition has been enriched and modified. On popular demand from the mechanical engineers, an additional chapter on ?Gear Systems in Wind Turbines? has also been added. This revised version will continue to enlighten electrical, mechanical, instrumentation, electronics and civil engineers as well. Needless to say, this will be an asset even to those who already have the first edition of this book.
