John Wiley & Sons Inc. Paperback. Book Condition: new. BRAND NEW, The Unfinished Business of Critical Thinking: Summer 2005, Stella M. Flores, The concept of critical thinking has found its way into course descriptions, textbook titles, and even college mission statements. Yet far from being satisfied with these successes, scholars in the field believe that much unfinished business remains: critical thinking has not found its way into many classrooms. This volume presents blueprints to professional development plans that focus on a solution to the problem with best practices from colleges that have already begun to implement such plans, and methods for assessing programs that emerge from them. Finally, the volume connects the teaching of critical thinking to the Learning College, an idea developed by Terry O'Banion, president of the League for Innovation in the Community College, that calls on institutions to place learning first by offering multiple options for learning and documenting that students demonstrate improved learning. This is the 130th volume of "New Directions for Community Colleges," the quarterly report series from Jossey-Bass.
