Is life really planned out for us, do aliens some call guardian angels really exist, and haven't we all experienced at some time that feeling of déjà vu - maybe a feeling of having actually been someone else in another world? Life by examining the possibility of previous existences in parallel worlds. Using events from mythology, history, politics, religion and even science fiction to make fascinating comparisons to what happens in our own world, we see how these tales - bewildering as some of them are - can be related not only to a previous life, but also to our own uncertain destinies. The only certainty is that God always seems to win at the end - we all finally disappear, he remains! - but he likes to play new games with some of us time after time. With theories about the universe and other unsolved cosmological questions, but cautions us to be light-hearted about it: Don't let your fears take hold of you, it's only a game!.
