

## Myers Arithmetic: Elementary (Classic Reprint) (Paperback)

By George William Myers

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Myers Arithmetic: Elementary Many and substantial gains have been made in the last decade in both theory and practice in elementary education, and arithmetic has gained largely from this general advance. We have learned much of late as to practical ways of securing in the teaching of the elements of mathematical science the larger and the more significant educational aims - strengthening the judgment and the will, the power to think and to do. The writer of an arithmetic who cuts himself off from these advances and satisfies himself with mere figuring, or the mere meeting of an existing consensus, cheapens his effort by denying the higher purposes of education and renounces his opportunity to help even the makers of programs by pointing the direction whence improvement must come. Without neglecting either of these two important requirements, the authors of this book have striven to make the arithmetic work more thoughtful, and even the drill purposeful and educative. There is no school subject in which foreshortened views and distorted perspective work more harm than in...
