John Hunt Publishing. Paperback. Book Condition: new. BRAND NEW, So You Want to be a Healer?, Billy Roberts, This book is the perfect handbook for all aspiring healers, containing easy to follow exercises and meditations to help cultivate the healing skills. The book explores the scientific as well as the metaphysical facts, with a detailed analysis of the different types of healing methods, ranging from magnetic and pranic healing, to spiritual and mental healing. Through antiquity gifted individuals have administered healing to the sick, from the Biblical accounts of Jesus, to the more radical practises of Rasputin the so-called Mad Monk. Why do some people possess that certain something that they are able to impart to others? What is personal magnetism, and why is that a powerful healing force? Apart from the exercises to help with the development of healing skill, So You Want To Be A Healer analyses the actual process, with a detailed look at the chakra system and the subtle anatomy. Eastern masters used the term Prana to describe all energy in the universe; this book explains how this energy may be harnessed to be used to heal others at a great distance.
