Reviews

It is one of the most popular book. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Voice of the Scholar: With Other Addresses on the Problems, of Higher Education The present volume contains a number of addresses on educational subjects delivered by the author on various occasions within the last five years. Most of them were first given to Stanford audiences. Of the others, The University and the Common Man was given at the University of Washington, that on the Personality of the University at the University of California, and that on College Spirit at the University of Missouri. That these discourses occasionally repeat each other or double on the same track is explained, if not excused, by the fact that the same author, in such cases, is dealing again with the same topic. The publishers express their indebtedness to the editors and publishers of the Atlantic Monthly, the Popular Science Monthly, the Forum, the Cosmopolitan Magazine, and the Independent, for the privilege of reprinting these addresses as published in the magazines in question. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
