LOCATION-BASED SERVICES AND CONSUMER SEARCH ON THE MOBILE INTERNET

Book Condition: New. Publisher/Verlag: epubli | Dissertation on location-based services and consumer search on the mobile internet | The increasing diffusion of smartphones in the mass market enables more and more consumers to use the mobile internet. In addition, there is a continuing integration of location-based services (LBS) which provide context-aware information to consumers. This leads to a convergence of online and offline worlds. The usage of LBS delivers additional and more relevant information to consumers (e.g., about alternative offers)....

Reviews

This book might be worthy of a go through, and a lot better than other. it had been written really properly and helpful. You may like just how the author write this publication.

-- Prof. Mattie Beatty

These types of book is the perfect pdf available. I actually have study and that i am sure that i will planning to read through again again in the foreseeable future. Its been designed in an exceedingly basic way which is simply soon after i finished reading through this publication in which basically changed me, modify the way i believe.

-- Laney Morissette
