Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Psychology Everyday Life The Psychology of Everyday Life might rightly be considered as covering the major portion of the field of modern psychology. This fact the author has kept in view throughout. The time has now come when the ordinary educated man desires some closer acquaintance with this science, which has so long represented a rather mysterious region, into which he has hardly ever dared to seek to penetrate - an attitude encouraged by the apparent aloofness of the older psychology from the pursuits and interests of daily life. The aloofness has in recent times disappeared. The work of the modern psychologist touches daily life at many points. What one might designate the psychologist s creed is no longer professed merely by the psychologist - the belief, that is, that for all those arts and sciences which are concerned with the human factor in the world process in any of its phases the science of psychology is as fundamental as is the science of physics for all those arts and sciences which are concerned with physical processes. The feeling of mystery too is fast yielding to a genuine desire for more knowledge. This little book has been written with the object of satisfying this very reasonable desire. It is not an elementary textbook of psychology; nor is it a popular account of some of the marvels of psychology with all the psychology left out. It is popular, indeed, in the sense of being intended for the general reader, but from first to last it is a serious attempt to present, as far as possible in non-technical language, the main facts of the science so...
