Ramesh Publishing House, 2015. Paperback. Book Condition: New. We all face the interview from getting admission in nursery class to getting a job for career. As we grow up, we understand the social and practical norms along with our expectations. And for fulfilment of desires and expectations we use our study, qualification, work experience, personality, merit etc, all the things we have for getting a desired job. But some of us have nervousness, fears etc, so that despite all the best qualities, they do not succeed in an interview. We are trying to give brief knowledge about various interview tools and techniques and some samples of different kinds of interviews, so that candidates may be benefitted as per their choices and desires. It will be valuable for interviewees or those candidates who are preparing for a job in their career.".
