

## A Handbook for the Perfect Adventurer (Paperback)

Filesize: 4.86 MB

### Reviews

*This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

Wakefield Press, Australia, 2013. Paperback. Book Condition: New. 175 x 112 mm. Language: English . Brand New Book. Pierre Mac Orlan's 1920 Handbook for the Perfect Adventurer was at once a paean to the adventure story, a tongue-in-cheek guidebook to the genre's real-life practitioners and a grim if unspoken coda to the disasters of World War I. It must be established as a law that adventure in itself does not exist, Mac Orlan stipulates. Adventure is in the mind of the one who pursues it, and no sooner is he able to touch it with his finger than it vanishes, to reappear much farther off in another form, at the limits of the imagination. This handbook outlines two classes of adventurer: the active adventurer (sailors, soldiers, criminals) and the passive adventurer (sedentary parasites who draw sustenance from the exploits of the former). Roaming from battlefields to pirate ships to port-town taverns, and offering advice on reading, traveling and eroticism, Mac Orlan's Handbook is ultimately a how-to manual for the imagination, and a formulation of the stark choice all would-be adventurers must face: to live or write. Generally known as the author of *Le Quai des brumes* (the basis for Marcel Carne's film of the same name), Pierre Mac Orlan (1882-1970) was a prolific writer of absurdist tales, adventure novels, flagellation erotica and essays, as well as the composer of a trove of songs made famous by the likes of Juliette Greco. A member of both the Academie Goncourt and the College de Pataphysique, Mac Orlan was admired by everyone from Raymond Queneau and Boris Vian to Andre Malraux and Guy Debord.
